<sup>1</sup> The MITRE report is inadmissible for a variety of reasons, including untimeliness, hearsay, and the lack of any discovery whatsoever regarding the report, including no opportunity to depose the authors or even an identification of who the testifying expert would be for that report, if any. The Secretary's Office was aware of the improper disclosure of Dr. Halderman's sealed July Report to MITRE in "early summer or late spring" of this year, per Gabriel Sterling's testimony. (Oct. 12, 2022 Secretary of State's Office 30(b)(6) Dep. Tr. at 21:15-23:14.)
